

Sailing Schedule

Friday 15th August to Thursday 21st August 2008

NEWS : Updated Wednesday 13th August 2008

The bad weather that has plagued us this last week seems to be going to give us a respite over the following weekend and into the early part of next week.

Our long term forecasts show that from Friday 15th till Monday 18th shows better weather, which will make the boat trips even more enjoyable!

The Eastbourne Air Show is on until Sunday 17th August, and as most of the planes travel along the coast to the display area we have planned our trips so that people may also get some good views of the planes as they fly along the Seven Sisters.

We will be running sunset cruises on Saturday 16th and Sunday 17th August as well as our day trips.

There will be no day-time sailing on Sunday 17th August due to us being the safety boat for the Lewes Raft Race.

Date	Sailing to	Depart Time	Return Time
